PO Box 90004
Grand Rapids, MI 49509
(616) 889-2985

Year: 1999-2004
Make: Oldsmobile
Model: Alero

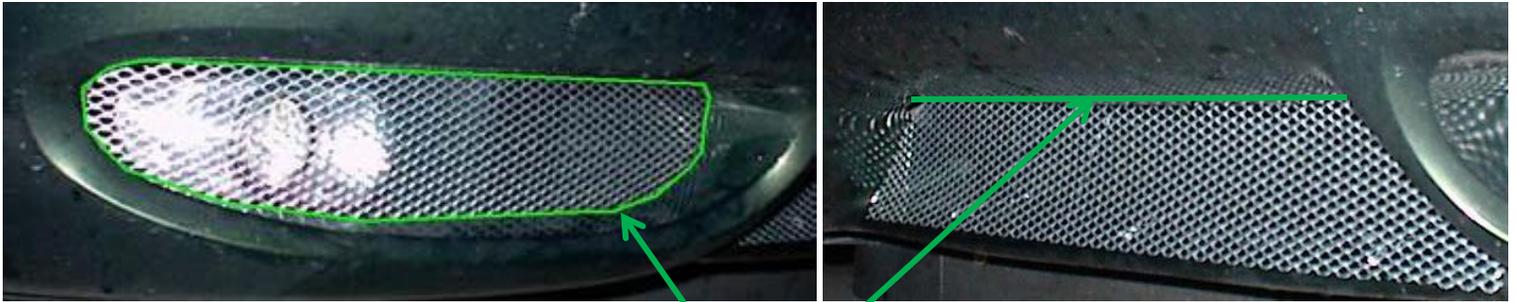

INSTALLATION INSTRUCTIONS

What's in the Box: (1) Center Mesh Grill, (2) Side Mesh Grills.

Tool List: Adhesive (Automotive Goop, Permatex, or similar)

Mesh Installation:

Adhesive Points

1. Begin by taking the one of the pieces that will be going in an outer opening and feed it through the center opening. Move the grill towards the outer fog light opening and keep sliding it through until it covers the area and it is no longer seen in the center section.
2. Repeat for the other side
3. To ensure that the grill will not move under road conditions use an adhesive to seal the grill on.
4. The center piece is installed by sliding the flap under the existing front fascia.
5. Reach underneath the car and push it in to make sure it is all the way in.
6. Some adhesive should be applied where noted in the above pictures to ensure the grill will not come loose.

PLEASE NOTE: The instructions provided are the suggested installation method. If you feel that the installation instructions are inadequate or unsafe then please feel free to develop your own installation techniques that fit your exact needs. customcargrills.com llc is not liable for any personal or property damage resulting from our products.
